PROCESS OVERVIEW

I. NTE Generation

Figure 1.0 shows the View Employees (NTE Generation) Report.

The screenshot shows the ECETTrack application interface. On the left is a dark sidebar with a menu containing items like 'Logged In', 'On Break', 'Employees', 'Employee Count (Admin)', 'Employees (Admin)', 'Employees (Earning ML...', 'Time Log Records', 'Time Log Records (Admin)', 'Time Log Records (Earning...', 'Break Records', 'Break Records (Admin)', and 'Break Records (Earning...'. The main content area is titled 'View Employees (NTE Generation)' and includes 'Save Changes' and 'Remove Changes' buttons. Below the title is a table with columns for 'ID', 'Create NTE Record', 'Employee Number', 'Name', and 'Site'. Each row represents an employee and includes a 'Create NTE Record' button. The first row is highlighted in light blue.

ID	Create NTE Record	Employee Number	Name	Site
1479919000185507618	Create NTE Record		Indira Monte De Ramos Sumagka	Dumaguete
1479919000165353305	Create NTE Record		Abigail Niña Alonzo Engay	Dumaguete
1479919000036224795	Create NTE Record	ECE006567	Aljun Revelegia Benlot	Dumaguete
1479919000077009965	Create NTE Record	ECE003789	Alelei Celetaria Umali	Manila
1479919000115794601	Create NTE Record		Jennifer Nicole Flores Amasula	Dumaguete
1479919000001333492	Create NTE Record	ECE000004	PAOLO MARIO GOGOLA LACSAMANA	Manila
1479919000246496109	Create NTE Record		Noel Morales Bersamina	Manila
1479919000246496267	Create NTE Record		Patricia Paula Ala Barrios	Manila
1479919000123120158	Create NTE Record	ECE005073	Ashly Nicole Anquira Salatan	Dumaguete
1479919000023192191	Create NTE Record		Allison Elena Alvarez	Honduras
1479919000249792891	Create NTE Record		Rochie Palitones Awil	Dumaguete
1479919000100514451	Create NTE Record	ECE004593	Deborah Marie Layan Ozoa	Dumaguete

Figure 1.0

The Report above shows the latest APE points of each employee. Only those employees with APS points greater than or equal to eight will be displayed. Creating ease in monitoring employees whose points need attention.

To start creating NTE file for the selected employee, click Create NTE Record

button.

NOTE: Once you clicked the create NTE button, it will create a record in Zoho Sign Request Data. Kindly check records to avoid duplication.

Figure 1.2 illustrates the Zoho Sign Request Data Report.

Document Details has two types of templates:

- Section 10:
 - Regular NTE
 - NTE + Admin Hearing
 - NTE + Admin Hearing + RTWO
 - NTE + Admin Hearing + Preventive Suspension
- APS Related
 - NTE Infractions of Company Rules

The system lets the user to input date start and date end of APS points. The app will then display below the preview of the table containing the dates, APS points and rollback points. Please see figure 1.4.

The screenshot shows a web application interface for 'Document Details'. It includes a form with three fields: 'Document Type' (set to 'APS Related'), 'Date of Offense' (set to '09 Feb 2026'), and 'Status' (set to 'Pending'). Below this is the 'APS Points Table' section, which has 'Date Start' (01 Jan 2026) and 'Date End' (09 Feb 2026) filters. The table contains two rows of data. Below the table is a summary section with three rows: 'New APS Points' (16.00), 'Rollback' (0.00), and 'Final Points' (16.00). At the bottom, there is a message 'You received warning(s) on the following dates:' followed by a table with columns: 'Date Created', 'Request Type', 'Type of Offense', 'Date of Offense', and 'Sanction'.

Date	Site	Account	Total APS	New APS	New APS Notes
09 Feb 2026	Manila	IAA	16.00	8.00	
21 Jan 2026	Manila	IAA	8.00	8.00	

New APS Points	16.00
Rollback	0.00
Final Points	16.00

You received warning(s) on the following dates:

Date Created	Request Type	Type of Offense	Date of Offense	Sanction
--------------	--------------	-----------------	-----------------	----------

Figure 1.4

Figure 1.5 shows the CC list management. This allows the user to add email addresses to be added to the default CC list of the document to be generated.

In case of an incorrect default CC list or an outdated list has been loaded, the user can remove the loaded default cc list in the Add CC section. The removed default email will still be shown in the CC list for account review purposes.

Figure 1.9

If there are no errors in the generated document, the submitter can now change the status to **"For Approval"**.

An approver must be entered before proceeding; otherwise, the app will prompt the user.

The Approver will then be notified that the file should be approved before it will proceed to the employee. Once the File has no errors, the approver can now select **"FOR SIGNING"** status.

The **CC list** will receive a receipt of the email in their inbox.

An icon with the label of **NOT VIEWED** indicates that the document has not been viewed yet by the recipient and will be changed to **VIEWED in green color** to indicate that the recipient has clicked links that were sent through his/her registered Zoho email, CLIQ notification and ECE Track Dashboard.

Document ID can be found under the Update Document Title at the top right part of the form.

Figure 1.10 shows the notification sent to the employee. This indicates that the

NTE file has been approved and ready to be signed the recipient.

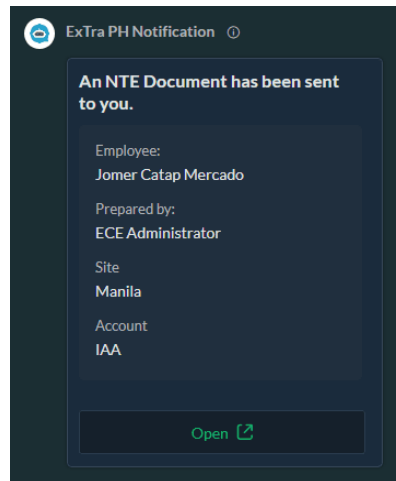

Figure 1.10

The user can click the open button and will be redirected to the record of the file. An email will also be sent to the employee's mailbox. Once the Link in the email or the open button in the cliq notification is clicked, it will redirect the user to the view of the NTE document and will tag the document as VIEWED.

Figure 1.11 show the email sent to the employee for NTE document.

Figure 1.11

Figure 1.12 shows the My NTE Page. The user can view and add response on the NTE document though this view.

My NTE ✖

☐	ID	Added Time	NTE ID	Add Response	Employee	Generated NTE
☐	1479919000309609992	17 Dec 2025 13:15:36	1479919000300955467	Add Response	Jomer Catap Mercado	NTE_-_Infraction_of_Company_Rules_-_APS_0.00_-_Jomer_Catap_Mercado_-_12182025_Approved.pdf

Figure 1.12

The user can view the NTE document by clicking the file in the Generated NTE field. Once read, the user can now reply by clicking the Add Response button. The button will open a form and once response is added, the user can click submit. See

Figure 1.13.

A screenshot of a web form titled "Employee Response" (partially visible). The form contains several fields with calendar icons for date selection: "Date of Offense" (17 Dec 2025), "Date Start" (08 Jun 2019), and "Date End" (17 Dec 2025). There are also dropdown menus for "Prepared By" and "Approved By", both currently set to "ECE Administrator". Below these fields is a large text area labeled "Employee Response". At the bottom of the form, there are two buttons: "Update" (green) and "Cancel" (grey). A link "View Log Details" is located above the "Update" button.

Figure 1.13

The appover and the submitter will be notified once the file with the employee's signiture and response is generated.

A screenshot of a notification message overlaid on a web application. The notification is titled "You Received a Notice to Explain Document". It contains the following text: "Hi Jomer Catap Mercado", "Kindly see your NTE document through this [link](#).", and "Thank you, ECE Contact Centers". At the bottom of the notification is a green button labeled "ACKNOWLEDGE". The background shows a sidebar with a "Welcome, Jomer" header, a "Break Type" dropdown, and a "Tools" section. The sidebar also displays "ECE00022", "09 Feb 2", "Sched: 8:0", and a "Log Out" button.
